Music bath Charms, &c.

On these beautiful moonlight nights, when the gay young Troubadours visit the homes of their young lady friends, discoursing sweet music for their edification, then *pater familias* arises and peeps through the lattice viewing the moonlight scenery and thinking in the sweet sound—for you must know that he has an ear for music—then the band strikes up the "Girl I left behind me," he commences skipping and dancing through the room, his nether garments gyrating through the air, his better half peeping from under the coverlid religiously watching him with one eye; in his capers he falls over the historical rocking chair, she cries out "stop your nonsense, Murray, the neighbors will think you crazy," then it is that he is reminded that his greatest forte is in selling the bay state shoe & leather boots and shoes, every pair warranted to neither rip nor leak until worn out, his ready-made clothing and ladies' hats at cost, his cottonades and jeans at ten to twenty cents per yard, the greatest drive ever offered to the people of this county. Then take a look at his carpet exhibitor and see the different beautiful patterns representing a stock of twenty thousand dollars worth of carpets, his men's and boys' wool, saxon and fur hats bought by the case with trade discount off, enabling him to sell them fifteen per cent. cheaper than is bought by the dozen from the jobber. By these things (even if he is not an elegant dancer) he is enabled to pay the fiddler.

The State Debt.

The above subject is now agitating the political world, but agriculture is something that pays and should agitate the farming world, and in order to make it pay you, come and buy one of our celebrated Thomas Sulky Hay Rakes, or one of our Champion Mowers or Champion Reapers & Mower combined self-Raker, which we will sell you at strictly manufacturers prices with freight only added. Our stock is as full and complete as is kept in any house in Middle Tennessee, consisting in part of Iron, Horse and Mule shoes, Nails, Cotton Hoes, Colars, Traces, Hames, Mechanies Tools of all kinds, Cradles and Waldron's celebrated English Blades, Grass and Bush Scythes, Hay Forks, Pocket and Table Cutlery.

The Strane Case.

The trial of Wm. T. Strane, charged with the crime of arson by setting fire to the drug store belonging to himself and Mr. Alex. Vining, in November, 1878, commenced in our Circuit Court on Monday last, Judge Williams presiding.

The following are the names of the jurors—Dudley Tipps, A. J. Crunk, J. W. Jean, J. B. Turney, J. C. Pylant, Isham Sorrels, G. W. Crawford, William Jean, Alex. Jean, Robt. Barnes, John Swiney, A. F. Giles.

A. B. Woodward, Attorney-General, represents the State. Messrs. Carrigan & Higgins, Holman & Holman, and J. H. Burman represent the defendant. The theory of the prosecution is that Strane fired the building for the purpose of getting the insurance on the drugs belonging to himself and partner, Mr. Vining, the other partner, is in nowise implicated in the charge. The case excites great interest in view of the fact that previous to the fire in question Mr. Strane stood very high in the estimation of his acquaintances. The trial will probably consume three or four days of the Court.

No change in the produce market this week.

The hissing fury of summer heat is still upon us.

The public rehearsal by the choir at the Cumberland church Friday night netted about nine dollars.

Sweet potatoes averaging about a pound, have made their appearance in the Fayetteville markets.

The federal office-holders, big and little, of Lincoln county, will soon be called upon to contribute their per centage, as a Republican electioneering corruption fund. Now, gentlemen, this tolling of your salaries is contrary to the spirit of civil service reform. And you had better not submit to it this time.

The census returns that have been furnished us convey a wrong impression in one particular. As a number of the civil districts of this county have had their boundaries changed since 1870, in consequence of the withdrawal of territory to form Moore county, a comparison with the last census to determine the gain or loss by districts, is impossible.

Mr. Thos. H. Giles informs us that while on his way home from preaching at Buckeye in a two horse spring wagon on Monday, the 5th, the bridge near Mrs. James Haynie's, 5 1/2 miles from Fayetteville, gave way or broke down while he was crossing it, and Mrs. Giles was painfully hurt. Mr. Giles said the bridge had been pronounced dangerous, but he did not know that fact when attempting to cross it.

We call attention to an important matter to the Christian public. It will be seen by the notice in another column that the officers of the Lincoln County Bible Society have employed two co-partners to canvass Lincoln county. They say the work is to be thoroughly done, and call upon the people to contribute liberally to sustain the work. It is an important matter and one that appeals to all lovers of peace and good order, and the people of "old Lincoln" will not permit it to fail.

A pleasant and cheerful room is essential to the health of the baby, and the usual pains and ills of the young one soon vanish after the use of Dr. Bull's Baby Syrup. Price 25 cents a bottle.
